# Do You Need a CRM?

June 18 · 11am ET

Your membership site might already have everything you need.

# YOUR MEMBERSHIP SITE IS A CRM.

PMPro already tracks your members, levels, purchases, and activity. Your email marketing tool handles the communication.

For most membership site owners, **that's genuinely enough.**

Adding a separate CRM on top usually creates more complexity than it solves — not more capability.

# WHEN A CRM ACTUALLY HELPS

A CRM earns its place when you're:

- A nonprofit managing donor relationships
- A large association with complex member workflows
- Running a sales pipeline with multiple touchpoints

Not sure where you fall? **That's what we're unpacking on June 18th.** Bring your specific scenario and we'll figure it out together.
