Release Deep Dive

IS THIS YOU?...

You install the update, see the changelog, and think “I should look at that” — and then never do.

Releases ship faster than you can dig in. You’re not sure which new features apply to your site, or whether something changed that you need to act on.

What if someone just **walked you through it** — live, with time for questions?

Release Deep Dive

SESSION DETAILS

Date: Monday, March 23, 2026

Time: 11:00 AM ET (live on Zoom)

Hosted by: Kim Coleman & Sam Daugherty

What's included:

- Full walkthrough of every new feature in PMPro v3.7
- Real examples of how to put the new features to work
- What changed and whether you need to take action
- Live Q&A with the PMPro team
- 30-day replay access
