

CASE STUDY

From in-person sessions to a worldwide audience

How a spiritual counselor took 20 years
of in-person work online.

SWIPE →

THE SITUATION

20 years, one room.

Kim Doucette had been guiding people for over two decades, but her reach was **limited to in-person sessions**. Everyone she could help had to be in the room with her.

THE MOVE

Take the work online.

She built the Open Up Wide membership site so anyone could work with her **no matter where they live**, instead of being capped by who could travel to her.

THE MEMBERSHIP

One site, many ways in.

Members get seminars, meditations,
oracle card readings, a podcast,
coaching, and a **psychic and
mediumship certification
masterclass**.

THE SETUP

Monthly or annual.

Paid Memberships Pro runs the subscriptions, with **monthly and annual options** plus a gift promotion that hands friends a coupon and a free year.

IN HER WORDS

“PMPro is the perfect tool for reaching more people who want to work on personal and spiritual growth with me.”
