THE FOUNDER

A teacher who built the tool she needed.

Katie Prescott started Abridge Academy in 2018 to help ESL teachers **go independent**, then took the whole thing digital in 2020.

THE LIBRARY

400 lessons, ready to teach.

The academy now offers around **400**
interactive lessons built for online ESL
teaching, behind a subscription
paywall.

THE GROWTH

Membership doubled in the past year.

A monthly subscription model keeps the price affordable for teachers and now supports about **3,000 curriculum memberships**.

BUILT TO TRAVEL

Tested across 8 video platforms.

Lessons work on Zoom, ClassIn,
DingTalk and more, so teachers can
deliver them anywhere their students
are.

IN HER WORDS

“PMPro is very user-friendly, affordable and scalable. It has all the features you would need to run a fully-functioning membership site.”

Katie Prescott, Abridge Academy
